This was an exceptional arrangement & the allowance was evidently regarded as a Special case. I had formerly by day the support of the recommendation & am sorry that the Secretary should have thought of it as a mere matter of routine. It is not usual to place Guides in charge of District Head Quarters Municipalities & in this matter there is no analogy between them case and that of Jerusalem (i.e Head quarters) Assistant Commissioners. We Have had to be most economical & a paucity of Asst. Commissioners and he did excellent work during the period he was in charge.
